ATTENDANCE POLICY

- A. Attendance is extremely important in order to fully benefit from the program. Students with two unexcused absences in any class will receive written notification of academic probation for a period of one month. Any unexcused absence during such probationary period will be a cause for interruption of the student's training program. Unsatisfactory progress may result in loss of financial aid. Any student absent on any Saturday without prior written request or a valid excuse from a doctor will be automatically suspended for three (3) consecutive days. For each additional unexcused non-attending Saturdays thereafter, there will be three (3) consecutive days of suspension added. Cutting of classes will be considered as unexcused nonattendance.
- B. Tardiness is a disruption of a quality learning environment and is to be discouraged. Tardiness without legitimate reason on two occasions will be considered as one unexcused absence. There is no grace period; 8:01 **AM** is considered late.
- C. Make-Up Work will be required for any absence. However, hours of make-up work cannot be accepted as hours of class attendance. All tests or homework that is not submitted within two weeks will be automatically converted into a failure grade.

D. Makeup Tests will be issued to students who fail to achieve a passing score on the written or practical portion of the instructions and final examinations. Students will be given an opportunity to improve their score or grade by retaking the written exams or performing additional assigned practical drills on another student or mannequins. Extra study time will be allowed. An instructor will be available to answer questions, offer guidance, and instruction.

E. Good Conduct is important at all times. Students must conduct themselves in a professional, orderly, and considerate manner, and shall appear for classes in a sober and receptive condition. Violation of this condition or failure to comply with any other rules and regulation may result in disciplinary action and possible termination.

F. Probation and Dismissal will apply for all students after the automatic for 30-days upon first enrolling. Afterwards, students are placed on probation only if they fail to demonstrate satisfactory attendance, tardiness, make-up work, conduct, financial obligations, academic progress, or compliance with any other rule or regulation. The instructor or director will inform the student in writing. The instructor or director will work with the students to improve the situation. The probation will be removed when the students successfully comply with all the requirements. If a student fails to complete the requirements, termination will be considered.

G. Termination is deemed possible when the student becomes unruly in school after verbal or written warnings for failure to meet satisfactory grade requirements, attendance requirements, alcohol or drug abuse, or financial obligations. In such case(s), the School Cancellation and Tuition Refund policies will apply. (For details, see the catalog section under Cancellation, Withdrawal, and Refund Policy).

H. Leave of Absence written request must be submitted at least 24 hours before the time or day(s) requested.

(for further details, see Leave of Absence section in the Catalog).

J. Reinstatement will be granted to students who had an approved leave of absences. Those students who request reinstatement following unsatisfactory progress will be conditionally readmitted only upon the approval of the director. Such students may be subject to a 30-day probationary period.

GRADING SYSTEM

1. A minimum “C” or 75% grade is required for satisfactory progress. Students are graded on a of 0 to 100 percent system. The grade point system is then converted to alphabetical letter as follows:

3. Students who have been dismissed may return to training only upon the recommendation of the director. Upon re-entering, the students will be placed on a 30-day probationary period.

WITHDRAWAL FROM THE PROGRAM/REFUND POLICY

A student has the right to obtain a refund of charges paid through attendance at the first class session, or the seventh day after enrollment, whichever is later.

You may withdraw from the school **at any time after** the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled days in the current payment period in your program through the last day of attendance. The refund will be less a registration fee of \$75.00 or an administrative fee not to exceed \$250.00, and less any deduction for equipment not returned in good condition, within 45 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

1. The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
2. The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
3. The student does not return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of days in the program), multiplied by the number of days scheduled to attend, prior to withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

EXAMPLE: A Student who completes 25% (or ¼) of a course prorated refund of educational costs, less registration fee; as follows: $(\$1,075 - \$75 = \$1,000 \times .75$ (or ¾) = \$750).

If a student obtains a loan, the student will have to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of money not paid from federal financial aid funds. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan.

Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion of the amount of the benefits received, and any remaining amount shall be paid to the student.
