

ABOUT US

Throughout our 35 years in business, we have maintained a structured program with a family atmosphere. Our large facility accommodates both full-time and part-time schedules. We offer hands-on practical applications on customers, other students, and mannequins. The classroom is equipped with the latest advanced technology to provide the best possible learning environment for students.

With our Barber Course, there is a high employment rate; however, we do not guarantee employment, but have connections to many local barbershops. A full selection of barber equipment and essentials are always available for sale to assist with the barber profession.

Bakersfield Barber College is an Equal Opportunity Employer/Program that offers auxiliary aids and/or services upon request to individuals with disabilities.
